BELGRADE, Sept. 12.—Official dispatches say there was severe fighting on Sunday and Monday between Delegrad and Alexinatz in consequence of the Turks attempting to throw a bridge across the Morova. They were unsuccessful. This movement indicates that the Turks despair of taking Alexidate by a direct attack, and are seeking to get to the rear of its fortified lines. The Servian garrison at Alexipatz numbers only 6,400 men, but the Turks need the place as a base of operations against Delegrad, and for the preservation of their communication with Nisch.
